

# 2000 Presidential Election

Calculation of the Electoral College Results  
*as a function of the size of the*  
House of Representatives

**Graph 1**

## House sizes between 50 and 1000

*As the House of Representatives becomes larger,  
the size of the Bush electoral victory trends  
downward until it becomes an electoral loss.*

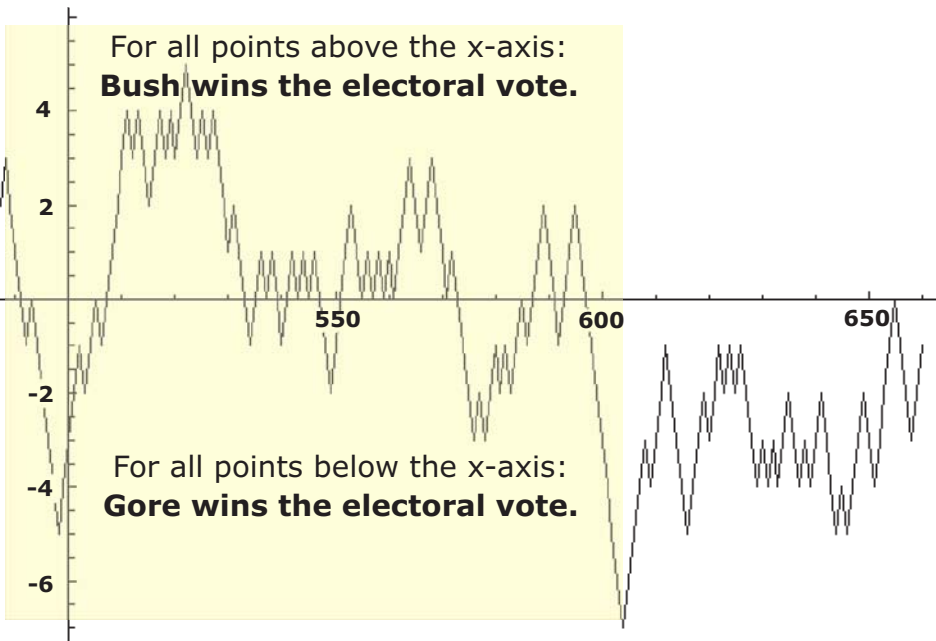

**Graph 2**

## House sizes between 480 and 610

*The Capricious Outcomes*

For all points above the x-axis:  
**Bush wins the electoral vote.**

For all points below the x-axis:  
**Gore wins the electoral vote.**

A **Bush electoral loss**  
(i.e., a Gore victory) occurs for all  
House sizes greater than 598  
(except for a tie at 655).
